Year 4 Summer Newsletter

Welcome back! We hope you had a fantastic Easter break and enjoyed some chocolate treats.

The Year 4 team have been planning lots of exciting activities for the Summer Term. As usual, please check the website for the finer details on our weekly timetable. We are looking forward to our learning in Science, Music, PSHE, Computing, History and DT. A quick reminder that reading at home is a great way to earn STARS Points independently and will lead to massive benefits across the curriculum.

Planners

Planners should be used to record home reading, but also to keep track of home learning tasks. Therefore, the children should have their planners in school every day. Planners will be checked every week and STARS Points awarded for every 4 reads.

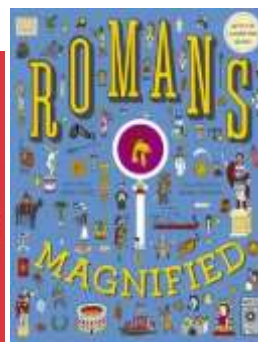

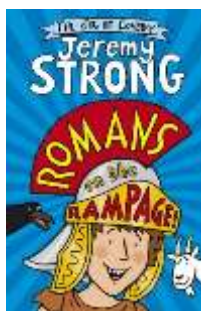

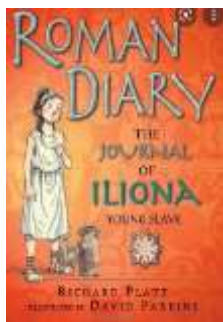

MyMaths

As part of our home learning we have started MyMaths tasks which is in addition to the usual home learning tasks and TTRS. There are 2 tasks set for this half term and the children have 2 weeks to complete them. Please see letter for more details. The due dates for these this term are: 02.05.24 and 16.05.24

PE

We have PE every **Monday and Thursday**. The children have striking and fielding and athletics this term. Please ensure your child wears the correct PE kit to school on these days.

A few recommended reads for this term!

The Term Ahead

Mathematics

By the end of Year 4, the children need to be fluent with all their times tables and division facts. Please practise these as much as possible at home through TTRS. We will complete the Multiplication Table Check (MTC) this term. More details will be sent in a separate letter. The purpose of the MTC is to determine whether pupils can recall their times tables fluently, which is essential for future success in mathematics.

Hinduism

In the Summer Term we study Hinduism. The children will be looking at what Hinduism teaches and the important ceremonies they celebrate.

The Romans

We are really looking forward to our topic about the Romans this term. There will be a lot of coverage through History AND Art! We are looking forward to being creative. We have also booked in our Portal to the Past day on Tuesday 7th May. This year, it has been fully funded by our wonderful Friends of Langshott, so all they need to do is enjoy the day. Children have the option of getting dressed up should they wish to (as advised in the letter).

DT / Growing / Health Week

As the children did in Year 3, we are growing a selection of vegetables to harvest and use in our very own healthy recipe. Year 4 are lucky enough to be making veggie nachos!

RSE Week

Every year, the children take part in RSE week. This gives them the opportunity to discuss changes to their bodies that are likely to happen in the near future. We also have a lot of discussion around our school rules and make links, particularly to 'respect'.
