

Welcome to Year 4

Learning Pride Success

Aims

- To give details of the Year 4 curriculum and expectations.
- To give details of exciting Year 4 events, such as:
 - Greek Day
 - TTRS and Multiplication Tables Check
 - Residential at Juniper Hall
 - Pantomime
 - Roman Day
 - Sports Day

Home learning

Reading	Daily and recorded in planners
Spelling	Home learning sheets set and checked on Thursdays. No formal test.
TTRS	20 minutes every week - monitored
Creative topic	Choose 3 from the half-termly tasks

Creative topic tasks can either be handed in to class teacher, completed in home learning book or uploaded to Google Classroom.

For families who wish to 'go the extra mile' and support their child with extra home learning in core areas, CGP workbooks (Question Book bundles & 10 Minutes Book bundles) are available to purchase via Scopay.

Maths

- We use White Rose Maths to support our teaching of the Maths National Curriculum
 - Year 4 topics include Place Value up to 4 digits, Addition and subtraction of 4 digit numbers, multiplication of 3 digit number by 1 digit and division of 3 digit numbers by 1 digit as well as fractions, decimals, money, time, shape, position and direction and length and perimeter.
 - Children will complete an arithmetic assessment every 2 weeks. Children will have the opportunity to correct and have support with errors and will bring a copy of the assessment home.
- How to support at home:
- TTRS for 20 minutes per week on the Garage play mode (set by class teacher)

Learning Pride Success

Times Tables Rock Stars

How to support at home:

- TTRS for 20 minutes per week on the Garage play mode (set by class teacher)

- Learning one times table makes others easier to learn.
- Times tables improve mental maths skills
- They help you understand other concepts (for examples, fractions and shapes).

Single Player	
Jamming 4 or 8 coins/correct answer	The only game mode without a timer, players chose the table and operation ($\times$ or $\div$ or both) they want to practise. Answer 10, 20 or 30 questions.
Gig 10 coins per correct answer	Gig games last 5 minutes and contain up to 100 questions, which come in 'waves', starting with the 10s, then the 2s, 5s, 3s, 4s, 8s, 6s, 7s, 9s, 11s and 12s. Novices are not expected to get past the 5s. Gigs provide the child (and their teacher) with a simple measure of their current skills, which is why learners should concentrate fully for the whole Gig as they won't get another try until next month.
Garage 10 coins per correct answer	Players are given a personalised set of 6 multiplication questions (and their matching division questions) in each round. The questions they get keep adjusting to provide the best fit for every learner's needs. This is probably the best game made for improving their recall while they're still learning.
Studio 1 coin per correct answer	Here your child earns their Rock Status, which is based on their Studio Speed. The faster they are the better their status. Studio Speed is the average of their most recent 10 Studio games. Suitable for confident players.
Soundcheck 5 coins per correct answer	Soundcheck games ask 25 multiplication questions (up to 12×12), allowing 6 seconds for each question. Suitable for confident players.

Reading

- There is nothing more important than developing independence with reading. Children are expected to read at home at least 4 times per week. Reads should be recorded for checking in their planners.
- Children will be issued with a reading book that matches their assessed reading level as well as a library book of their choice to read for pleasure.
- We use the text 'The Iron Man' by Ted Hughes as part of our Writing but will also be reading this as a class text.

If you like ancient buildings and mesmerising artworks then the city of Athens is just for you. There are hundreds of sights that will make you dream. So let us tell you about three different buildings that are top of the line. Read on to find out more.

Theatre of Dionysus

If you like shows, comedy and tragedy, the theatre is the place for you.

Theatre in Greece but not just any theatre the theatre of Dionysus.

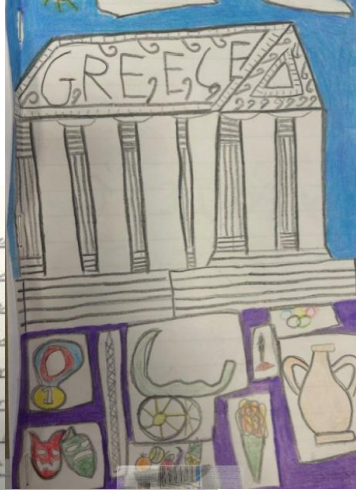

The masks are incredible. The actors are guaranteed to give you a changing experience on stage and an epic history is stored in the past.

Market

open air Agora. This market has everything from food to

If you need supplies then you'll find them here. It's a beautiful

Friday 25th October 2024
Theseus and the Lobster

After the tragic death of King Agave Theseus was given the throne and became the new ruler of Athens. Theseus was overjoyed to be presented with this role and felt all the love and care from his fellow citizens of Athens. But deep down in his heart he felt sadness that his father had died in vain. If only he had remembered to raise white sails on the way back from Crete.

Later that evening, a worried citizen came to Theseus and said that rumors are going around that there is a sea monster called the lobster. It lives at the bottom of the black sea looking to find its next victim. It is said that it has bright red eyes that could turn any living thing into stone and its enchanted breath could chop through the strongest bones. It was covered from head to tail in scales and was as strong as a lion. Some in the city were afraid that it would be a threat to the city.
